## **REPORT OF INDEPENDENT AUDITORS**

To the Trustees of  
DII Industries, LLC Asbestos PI Trust

We have audited the accompanying special-purpose financial statements of the DII Industries, LLC Asbestos PI Trust (the Trust), which comprise the statements of net claimants' equity as of December 31, 2014 and 2013, and the related special-purpose statements of changes in net claimants' equity and changes in investments for the years then ended, and the related notes to the special-purpose financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the special-purpose accounting methods adopted by the Trust and its Trustees, as described in Note 2. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amount and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Trust's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Trust as of December 31, 2014 and 2013, and the results of its operations and their changes in investments for the years then ended in conformity with the special-purpose method of accounting.

***Emphasis of Matter***

As described in Note 2 to the special-purpose financial statements, these financial statements were prepared on a special-purpose method of accounting and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. The special-purpose method of accounting has been used in order to communicate to the beneficiaries of the Trust the net assets available for the payment of claims and the related operating expenses of the Trust.

### **Note 1 – Description of the Trust**

#### ***General***

The DII Industries, LLC Asbestos PI Trust (the Trust) is a Pennsylvania common law trust, and is a Qualified Settlement Fund within the meaning of Treasury Department regulations issued pursuant to Section 468B of the Internal Revenue Code. The Trust was created on January 20, 2005, in connection with confirmation of the Chapter 11 Joint Plan of Reorganization (the Plan) for DII Industries, LLC and certain of its affiliated debtors and debtors-in-possession (the Debtors). The Debtors were direct or indirect subsidiaries of the Halliburton Company (Halliburton). The Plan was confirmed by order entered on July 21, 2004, by the United States Bankruptcy Court for the Western District of Pennsylvania (the Order). The Order was affirmed by the United States District Court for the Western District of Pennsylvania on December 1, 2004. The Plan became effective on January 20, 2005. The purpose of the Trust is to assume the asbestos liabilities of the Debtors, Halliburton, Harbison-Walker Refractories Company, and certain other businesses, and to use the Trust's assets and income to pay holders of those asbestos liabilities in such a way that all holders of similar asbestos claims, both current and future, are treated in a substantially equivalent manner.

Halliburton and its affiliates were granted the protection of a permanent channeling injunction entered by the Bankruptcy Court and the District Court in connection with the Order. The injunction enjoins the assertion of Asbestos Unsecured PI Trust Claims (Asbestos Claims) against those entities and channels such claims to the Trust for resolution.

The Trustees are fiduciaries to the beneficiaries of the Trust and are responsible for administering the Trust and the Trust's assets in accordance with the Plan.

The Trust is governed by a Trust Agreement (TA) and Trust Distribution Procedures (TDP) that establish the framework and criteria for allowance and payment of asbestos-related claims by the Trust.

The Trust's assets consist primarily of cash and cash equivalents and investments, which, with the earnings on such investments, are intended to be totally consumed by the allowance and payment of claims and operation of the Trust. The percentage of the amount of each allowed claim that will actually be paid will be determined by projections of total allowable Asbestos Claims and operational expenses of the Trust, on the one hand, and total assets and net earnings, on the other.

The Trust will terminate in accordance with TA article 7.2.

## Notes to Special-Purpose Financial Statements

---

### **Note 2 – Summary of Significant Accounting Policies**

#### ***Basis of accounting***

The Trust's financial statements are prepared using a special-purpose accounting method adopted by the Trust and its Trustees, which differs from accounting principles generally accepted in the United States of America (GAAP). The special-purpose accounting method does not record the Trust's ultimate claims liability but otherwise conforms with GAAP.

#### ***Cash and cash equivalents***

The Trust considers all highly liquid debt instruments purchased with an original maturity of three (3) months or less to be cash equivalents.

#### ***Investments***

Investments are stated at estimated fair value. Changes in fair value are recorded as additions and deductions to net claimants' equity. Realized gains and losses on investments in securities are calculated based on the specific identification method. The Trust records securities transactions on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recorded on an accrual basis. All investments are considered to be available for sale.

#### ***Fair value of investments***

The Trust measures fair value of its investments using the fair value hierarchy as defined by generally accepted accounting principles in the United States (GAAP). When quoted prices in active markets for identical assets are available, these quoted market prices are used to determine the fair value. In other cases the Trust may hold investments for which there is no active market or the market is dislocated. When determining the fair value of such investments, the valuation is dependent on facts and circumstances requiring judgment by management. In exercising that judgment, management relies upon the valuation by its managers and advisors. It is acceptable to use inputs based on estimates or assumptions, or to make adjustments to observable inputs to determine fair value when markets are not active and relevant observable inputs are not available.

#### ***Claims and claims processing expense***

Amounts due to claimants for allowed claims are recorded when approved and signed releases are received and verified. Claims processing expenses are recorded as incurred and are included in operating and legal expenses in the special-purpose statements of changes in net claimants' equity. Claims approved for payment with signed release forms received and verified before the end of the year are accrued for in the special-purpose statements of net claimants' equity. See Note 4.

## DII INDUSTRIES, LLC ASBESTOS PI TRUST

### Notes to Special-Purpose Financial Statements

---

#### **Note 2 – Summary of Significant Accounting Policies – (Continued)**

##### ***Property and equipment***

Property and equipment is stated at cost less accumulated depreciation and amortization. The Trust uses both straight-line and accelerated methods of depreciation over the estimated useful lives of the assets. Depreciation expense was approximately \$25,000 and \$17,000 for each of the years ended December 31, 2014 and 2013, respectively, and is included in operations and legal expenses in the accompanying statements of changes in net claimants' equity.

##### ***Net claimants' equity***

The Trust, under the adopted special-purpose accounting convention, does not record the liability for future claims expected to be filed over the life of the Trust. The net claimants' equity is available for (i) the payments of allowed asbestos-related claims and (ii) operational expenses of the Trust.

##### ***Concentration of credit risk***

Financial instruments, which potentially subject the Trust to concentrations of credit risk, consist primarily of cash, cash equivalents, and investments. The Trust maintains cash and cash equivalents at financial institutions it considers to be of high credit quality. At times, the Trust may have cash deposits in banks that exceed federally insured limits. The Trust has not experienced any losses in such accounts and based on consultations with its advisors, does not believe it is exposed to any significant credit risk.

The Trust's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and such change could materially affect the value of the Trust's investment portfolio.

The Trust has a formal investment policy that provides for diversification and establishes standards to invest the Trust's assets.

##### ***Use of estimates***

The preparation of the special-purpose financial statements requires the Trustees and management of the Trust to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the financial statement date, and the reported amounts of additions to and deductions from net claimants' equity during the reporting periods. Significant items subject to such estimates and assumptions include the carrying value of investments and the estimation of current and deferred income taxes. Actual results could differ from these estimates.

## **DII INDUSTRIES, LLC ASBESTOS PI TRUST**

### **Notes to Special-Purpose Financial Statements**

---

#### **Note 2 – Summary of Significant Accounting Policies – (Continued)**

##### ***Income taxes***

The Trust reports its income to the Internal Revenue Service (IRS) as a Qualified Settlement Fund which is taxed at the highest rate applicable to trusts under Section 1(e) of the Internal Revenue Code (the Code), which is 39.6% for the years ending December 31, 2014 and 2013. The Trust is subject to federal income taxes based on modified gross income, as defined by the Code.

Deferred tax assets and liabilities are recorded based on temporary differences between the carrying amounts of assets and liabilities for financial reporting and income tax purposes using the tax rates currently in effect. A valuation allowance is established when it is more likely than not that the deferred tax assets may not be realized. The amount of income taxes the Trust pays is subject to ongoing audits by federal authorities. The Trust's estimate of the potential outcome of any uncertain tax issues is subject to the Trustees' assessment of relevant risks, facts, and circumstances existing at that time. The Trust uses a more likely than not threshold for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. To the extent that the Trust's assessment of such tax positions changes, the change in estimate is recorded in the period in which the determination is made. The Trust reports tax-related interest and penalties as a component of income tax expense and operating and legal expenses, respectively. The Trust has recognized no liabilities for unrecognized tax benefits.

##### ***Reclassifications***

Certain investment fees and expenses which were previously shown in operating and legal expenses in 2013 have been reclassified to net unrealized gain on investments, net of investment fees and expenses to conform with current year presentation.

##### ***Subsequent events***

The Trust has evaluated events and transactions subsequent to the date of the financial statements for matters requiring recognition or disclosure in the special-purpose financial statements. The accompanying special-purpose financial statements consider events through April 23, 2015, the date on which the special-purpose financial statements were available to be issued. See Note 8.

## **DII INDUSTRIES, LLC ASBESTOS PI TRUST**

### **Notes to Special-Purpose Financial Statements**

---

#### **Note 3 – Funding of the Trust**

Funding of the Trust was set forth in the Plan. On January 20, 2005, the effective date of the Trust, the Trust received \$950,000 in cash proceeds, a note receivable from Halliburton in the amount of \$30,742,628 due December 31, 2005, and 59,500,000 shares of Halliburton stock from the Debtors, which had a market value of \$2,504,652,500. The value of funding, as of the effective date, totaled \$2,536,345,128.

All shares of the Halliburton stock were sold on March 23, 2005, generating proceeds to the Trust of \$2,481,983,000, net of fees and other charges of \$46,767,000. The note receivable was paid in full at a discounted amount of \$30,685,035 by December 31, 2005. The net cash realized from the funding of the Trust totaled \$2,513,618,035.

The Plan also provides for additional funding through the Asbestos PI Trust Additional Funding Agreement. Under the Asbestos PI Trust Additional Funding Agreement, the Debtors are obligated to pay the Trust any insurance recoveries in excess of \$2,300,000,000. This obligation ceases once the Debtors have paid an aggregate of \$700,000,000 to the Trust. No proceeds were received or due during the years ended December 31, 2014 and 2013, in connection with the Asbestos PI Trust Additional Funding Agreement. No estimate of any future collection under this obligation has been recorded as it is uncertain to occur.

#### **Note 4 – Claims Processing**

The Trust reviews and determines Asbestos Claims in accordance with the TDP. The TDP provides for processing, and either disallowing or allowing, liquidating, and paying all Asbestos Claims as required by the Plan and the TA. For the years ended December 31, 2014 and 2013, approximately \$109,600,000 and \$59,000,000, respectively, were expensed as asbestos claims payments. On December 31, 2014 and 2013, the Trust had approximately \$5,000,000 and \$960,000, respectively, in allowed claims which were qualified for payment but were unpaid at year-end.

The TDP requires the Trust to dedicate 60% of the Maximum Available Payment (MAP), as defined in the TDP, to the payment of claims involving severe asbestosis and malignancies (Category A claims) and to dedicate 40% of the MAP to claims involving non-malignant asbestosis and pleural disease (Category B claims). This is measured annually. During the years ended December 31, 2014 and 2013, the Trust did not exhaust the MAP for either Category A and Category B claims.

### Notes to Special-Purpose Financial Statements

#### **Note 5 – Estimated Asbestos Claims**

At inception, the Trust's economic liability experts estimated that 1,851,886 claims would ultimately be filed over the life of the Trust. This projected an ultimate claims liability of approximately \$3,700,000,000 before the application of the payment percentage. The Trust's experts updated their forecast during 2014 and estimated that 262,000 claims would be paid over the remaining life of the Trust. This estimate projects an updated remaining claims liability of \$2,900,000,000 before the application of the payment percentage. The updated 2014 claim liability includes projections for both future foreign and domestic claims.

#### **Note 6 – Trust Advisory Committee and Legal Representative**

The TA sets forth the role and responsibility of the Trust Advisory Committee (TAC) and Legal Representative (LR). The members of the TAC serve in a fiduciary capacity representing all holders of present Asbestos Claims (Current Claimants). The Trustees are required to consult with or obtain the consent of the TAC on certain matters identified in the TA and the TDP. The TAC is comprised of eight attorneys who are engaged by Current Claimants.

The LR serves in a fiduciary capacity, representing the interests of the individuals who may file an Asbestos Claim in the future, but who at this time are unknown to the Trust (Future Asbestos Claimants). His role, in part, is to protect rights of the Future Asbestos Claimants. The Trustees are required to consult with or obtain the consent of the LR on certain matters identified in the TA and the TDP.

#### **Note 7 – Taxation**

The Trust's federal income tax expense is calculated as follows:

	Years ended December 31,	
	2014	2013
Net taxable income	\$ 30,653,662	\$ 13,736,893
Tax rate	39.6%	39.6%

#### **Note 7 – Taxation – (Continued)**

The Trust's net deferred income tax liability is comprised of unrealized gains on investments of approximately \$108,500,000 and \$97,980,000 at December 31, 2014 and 2013, respectively.

The Trust tax returns for the years beginning 2011 remain open for examination by governmental authorities.

#### **Note 8 – Investments and Fair Value Measurements**

The TA provides general guidelines for the investments of the Trust. More specific policies and guidelines are set forth in the Investment Guidelines which were developed by the Trust's financial advisor and adopted by the Trustees.

The Trust's financial advisor routinely reviews the Trust's asset allocation model and portfolio managers.

The estimated cost basis and fair values of the Trust's investments are as follows:

2013, respectively. Investment fees and expenses included in net unrealized gain on investments was \$8,414,656 and \$9,720,653 for the years ended December 31, 2014 and 2013, respectively.

The following is a description of the valuation methodologies used for financial assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There were no changes in valuation techniques during the years ended December 31, 2014 and 2013.

##### ***Cash and cash equivalents***

Cash equivalents are carried at cost, which approximates fair value. Cash and cash equivalents include cash balances and money market funds which are classified as Level 1.

##### ***Equity securities***

All of the Trust's investments in equity securities are those which are publicly traded and are SEC filers. These securities are classified as Level 1, as quoted prices are available for these securities in an active market.

##### ***Debt securities***

The Trust's investments in debt securities do not have quoted market prices. These fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flow and are classified with Level 2 of the valuation hierarchy. These level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions and certain corporate, asset-backed, and other securities.

##### ***Foreign equity funds***

The Trust invests in foreign equity funds which do not have quoted market prices. The fair values are estimated by using pricing models and quoted prices of the publicly traded international securities included in the funds. The funds are classified within Level 2 of the valuation hierarchy.

##### ***Hedge funds***

The Trust invests in hedge funds which pursue multiple strategies to diversify risk and reduce volatility. The hedge funds are valued based on the net asset values as provided by general partners, a third party administrator, or investment managers, which are subject to independent financial statement audits. The Trust's independent financial advisors monitor, regularly meet with, and review each fund manager. Additionally, the Trustees regularly review manager performance reports and meet directly with the fund managers annually. Hedge funds are classified in Level 3 of the valuation hierarchy due to the factors noted above. As of December 31, 2014 and 2013, there were no unfunded commitments to the hedge funds.
